

Hello!

Since you have downloaded this file, I would LOVE it if you subscribed to my YouTube channel. It would **only take a few seconds** and can help out me and the channel and can motivate me to work on these Minecraft packs you know and love. So please, [click here](#) to subscribe to my YouTube channel! I also have other social media such as [Instagram](#), [Snapchat](#), [Twitter](#), [Discord](#), [Tiktok](#), [Twitch](#), [Reddit](#), and [Facebook](#).

If you do have social media, you can use this file and showcase it as long as you use and link the original Mopedl website link. **If you do not follow this code of conduct, I will find your video and I will report it.** So please do keep this in mind when making a video on it. I have already talked with 10+ people on this, and they have fixed their problems.

Thank you!
