

Installation manual

1. Place one of the save files found in the folder - Helm's Deep saves- in:

C:\Users\----Yourusername----\AppData\Roaming\.minecraft\saves

2. Place the texture pack in:

C:\Users\----Yourusername----\AppData\Roaming\.minecraft\texturepacks

3. To install a skin: go to minecraft.net and login,

then go to the tab --profile-- and under the tab --Change skin-- you can select a file.

Select your chosen skin and press: --Upload--

4. Start Minecraft and select the Helm's Deep texture pack
